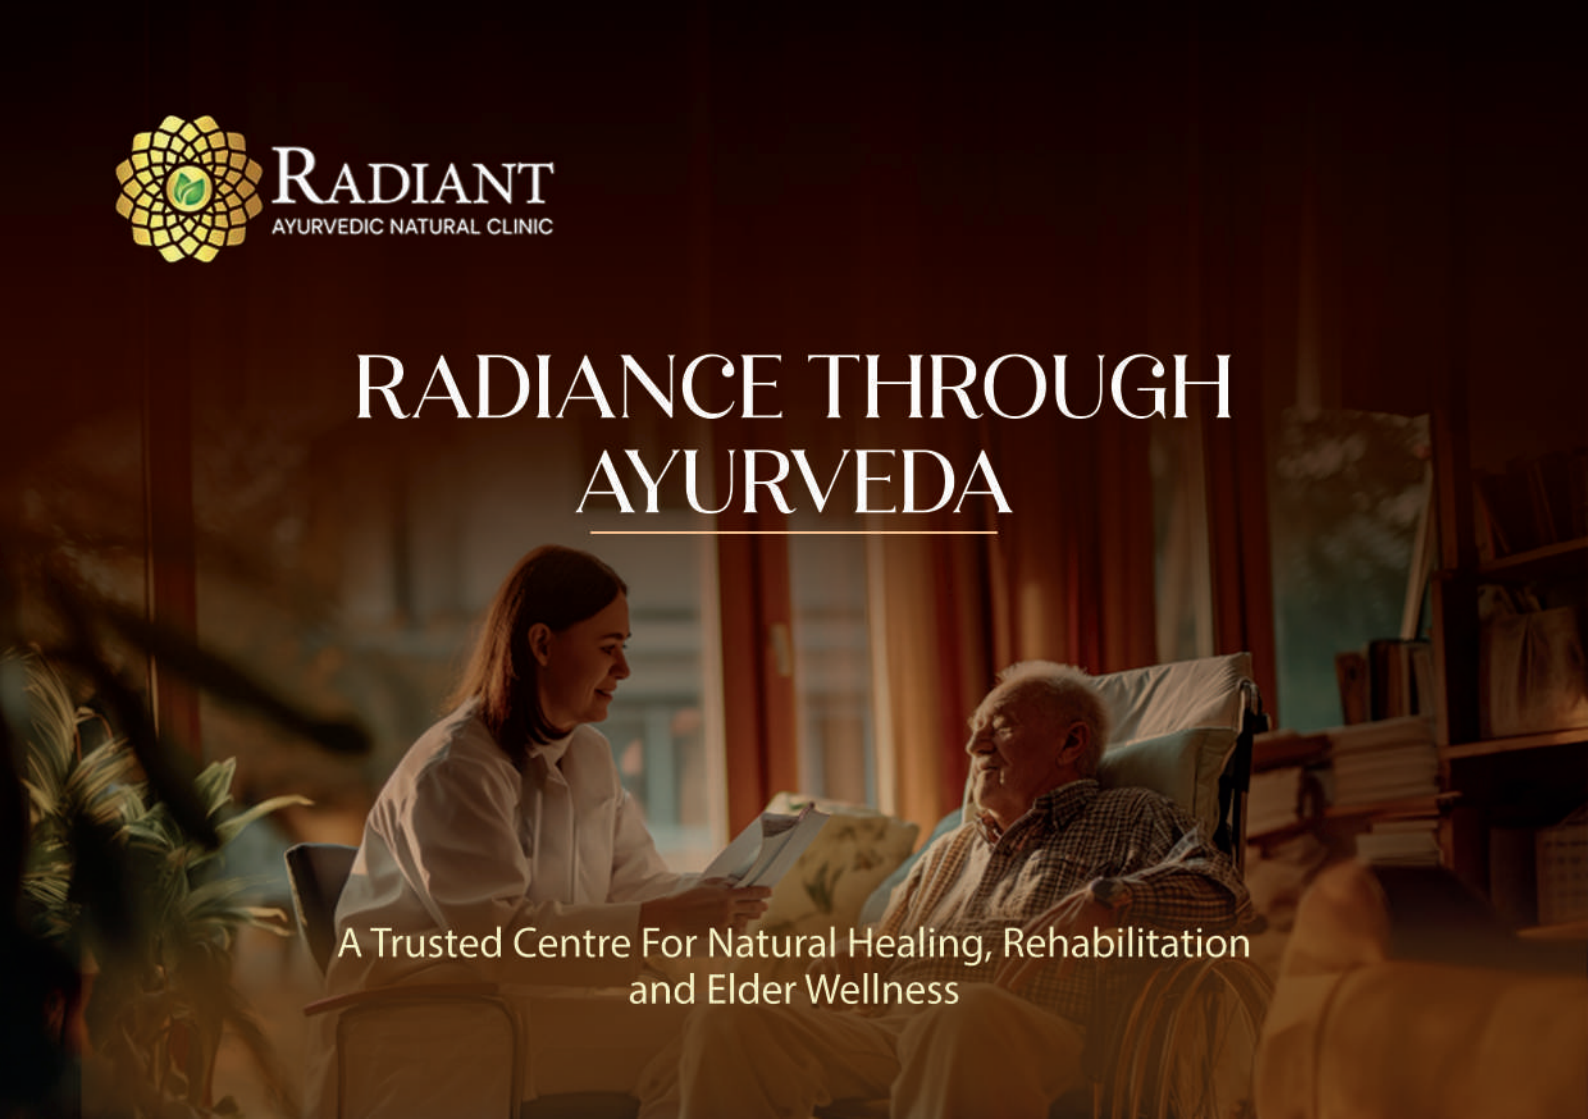
RADIANT
AYURVEDIC NATURAL CLINIC

RADIANCE THROUGH AYURVEDA



A Trusted Centre For Natural Healing, Rehabilitation and Elder Wellness

Welcome

At Radiant Ayurveda, we believe every elder deserves dignity, comfort, healing and peace. Whether mobility is lost due to paralysis, heart attack, arthritis, age, angioplasty, accident or surgery, there is still hope and a path forward.

Ayurveda helps the body regain balance, strength and vitality naturally

WHEN ELDERS SUFFER

- Unable to walk ?
- Needing support to sit or move to the washroom ?
- Bedridden and losing confidence ?
- Weak after hospitalisation, surgery or heart attack ?
- Arthritis and joint degeneration are limiting movement ?

These struggles affect
Not only the elder but the entire family.
Radiant Ayurveda is here to support both.

A MESSAGE OF HOPE

- Still dreaming they could walk again?
- Sit without pain?
- Live without fear, worry or frustration?

Ayurveda makes that dream real. Natural medicines & therapy help elders become stronger, calmer, more independent and emotionally uplifted.

FOR THE FAMILY

Many children love their parents deeply, but hesitate, struggle, or feel helpless when: Mobility declines. Dependency increases, and Daily care becomes overwhelming. Radiant Ayurveda supports the family, guiding them emotionally, practically and medically. You don't have to carry the burden alone.

For bedridden and immobile patients, treatment can be provided in their own comfort zone. Skilled practitioners bring professional care to the patient, offering Ayurvedic therapy, rehabilitation sessions, Massage and nerve-stimulation; and doctor-guided treatment plans, tailored to their condition.

No physical stress, no difficulty. Healing delivered with compassion, dignity and professional expertise.

WHAT WE TREAT

- Paralysis and Stroke
- Post-heart attack weakness
- Neurological recovery
- Arthritis and spinal degeneration
- Accident or post-surgical complication
- Age-related immobility and muscle weakness

Our approach is holistic and natural—strengthening nerves joints and rebuilding confidence. improving circulation, mobilising
